

The Feasts of Israel:

The Feast of Passover: Chart - Passover and the Lord's Supper

It is significant that the Lord's Supper was established at the time of the Passover Supper. The Lord Jesus therefore fulfilling the Old Covenant Passover and instituting the Lord's Supper of the New Covenant shows that one pointed to the other. The Lord's Supper does not replace the Passover Supper - it merely compliments it. It is the New Covenant Feast that fulfills the Lord's Passover - CHRIST!
