

# **WHO MAKES THE RULES**

Song by Steven Curtis Chapman

AaaEeee. . .

Well, I've been watchin' us very close, and I

Guess the one thing that's been bothering me the most, is that I

See us playin' by the same rules that the world is using.

Well, I've been listening to the things that they say, and I

Hear us mention words like fortune and fame, and it

Makes me wonder if we're sure about the side we're choosing.

## **CHORUS**

---

That's why I'm askin' you --

Who makes the rules for me and you  
*Who makes the rules*

When it's wrong or right is it black and white?

Who makes the rules for me and you --  
*Who makes the rules*

( 1st ) It's our lives at stake so we better know *who makes the rules*.

( Last ) It's our lives at stake so we better let Jesus make the rules.

---

(1st time ONLY: Yea, Who makes the rules)

---

*Who makes the rules*

*Who makes the rules*

Oh, let Him make all the rules

*Who makes the rules*

Who makes the rules -- Yeah.

And – I see people just like you and me, trying  
to Live out the pictures they see on TV. – Gotta have a  
*New Car, New clothes, New love* when they get tired of tryin'.

But – I been readin' `bout a different way, talking  
`bout *Dyin' to live* and Losin' to gain. Seems like  
Somebody's tellin' us the truth and somebody's lyin'  
I wanna know who – Tell me who.... **(Repeat Chorus)**

### **BRIDGE:**

---

*Two voices are calling out to you*

Oh, Two voices calling you

*Your servin' the one your listening to*

*So, tell me who*

Somebody tell me who...

*Who makes the rules*

*Who makes the rules*

**(Repeat Chorus)**
